

Donor Appreciation Events

Scholarship Event

The Lee College Foundation holds an annual Scholarship Breakfast and Scholarship Luncheon to honor donors of scholarships and the students who receive them. Special recognition is given to new donors who have given scholarships during the current year. The event, held each spring, is a heartwarming event, as all donors of scholarships and the students who receive them are united and given a chance to get to know one another. The Foundation relishes any opportunity to demonstrate not only our appreciation to our donors, but also the appreciation of our students for the opportunity to complete their educational goals with their help.
