### 2. Informational Items

- a. VP of Instruction: Veronique Tran

Core Update:

Dr. Tran met with the authors of each of the core submissions and gave them suggestions to strengthen their proposals. The proposals are to do Dr. Tran by Friday, March 22, 2019. Dr. Tran will submit the proposals to the Coordinating Board on Monday, March 25, 2019. Expect to hear an answer from the Coordinating Board within a month.

Review Time after CAAC:

Dr. Tran would like CAAC to consider is the review time after CAAC approvals or if there could be a change in the order. What ever the deadline is for the Fall Catalog, there needs to be some time allowance. There has been some instances where Dr. Tran or the Dean's have caught in terms of additional questions or documentation that sometimes results in a revisiting of the item. Joe Ganakos explained that this came up before, this was started by Dr. Sit. It was a very contentious that it would be compulsory, that Deans would approve before faculty would ever see anything beyond the Division level. Joe Ganakos made the argument, Mike Gos also signed on for, is the idea that it serves as a chilling effect. If there is an administrative barrier prior to CAAC actually seeing it, then its no longer a faculty led process. In theory it could be quashed before it ever got to CAAC. The compromise that was worked up is that we encourage consultation with the Deans, to confirm that in the realm of their knowledge, that everything is correct before it moves up the chain.

Dr. Tran stated to have an understanding, that if items get approved by CAAC, and upon subsequent review by the Deans or Dr. Tran, if there are issues that come back, then they would be revisited as part of the original submission. Not to be considered as past the deadline, so therefore it can't make it into the catalog.

Dr. Tran also pointed out, clarification on what constitutes the scope of curriculum maintenance request. There have been some very bulky requests submitted. When there is so much in one request, it becomes difficult to decipher.

b. Deans:

Onimi Wilcox – Not in attendance

Layton Childress

Dean Childress brought up the question of the time frame given for review of the requests. Joe Ganakos explained that there is a 2-week window for review. Any one at any level can see the request prior to CAAC. We use to have a reporting system, where all those impacted by the request would be alerted via email. The Deans and the VP were included in that list. The concern then was that there were too many emails coming.

c. Registrar: Scott Bennett

Scott Bennett was not in attendance. Carl Husband was there to represent the Registrar's office. Nothing to share.

d. Academic Integrity Taskforce: Paul Arrigo

Nothing to share

Instructors may drop students during any point in the semester prior to finals if student fails to attend class on a regular basis or if they fail to meet other requirements.

See specific section syllabi for instructor rules and regulations. Once final exam week begins, students will earn a grade.

Approved instructor-initiated drops, after the 75% drop period result in a grade of W2.

Resignation (Complete Withdrawal)

Students may resign from all of their classes in any semester prior to finals week.

These students are required to sign a statement indicating they understand impacts of the resignation and are encouraged to visit with an advisor if they have concerns. When graded, a resignation results in a grade of W4.

The difference between SCIT 1418 and SCIT 1414 is that one is called Physics and one is called Chemistry. All the programs have Chemistry in their programs. Clearly, we have a Physics requirement that's on the academic side.

##### b. Joe Ganakos

- i. Reminder: CAAC Elections in April  
Email any nominations for your Divisions.
- ii. Division Representatives for 2019/2020  
Roughly half the group rotates off, so at that point Division Representatives need to make sure that you express an interest to continue to serve to you Divisions if you so desire.  
Maybe at the July 2019 meeting CAAC can discuss having the Representatives be a 2-year term.
