

CLUB SPORTS

An organized, competitive sports league, the Club Sports recreational program bridges the gap between intramural and intercollegiate athletic programs.

Students join teams and compete against other area colleges in a number of non-varsity sports including:

- Baseball
- Basketball (Coed)
- Flag Football
- Soccer (Coed)
- Tennis (Coed)

Teams consist of a head coach and players, practice twice a week and play a weekly game. The level of competition for each club sport varies, and seasons average eight weeks per semester.

In addition to providing students with the opportunity to participate in competitive sports, Club Sports also helps students develop skills in administration, organization and fund raising.

Through the intramurals program students are able to participate in a number of sports including:

- Flag Football
- Basketball
- Racquetball
- Indoor Soccer

- Tennis

A Sports Day competition, during which Lee College teams compete against intramural teams from twelve other local community colleges, is offered once per semester.

STUDENT GOVERNMENT ASSOCIATION

Established in 1936, the Student Government Association (SGA) serves as the official voice of Lee College's student body. SGA members are encouraged to participate in decision making, both in college governance and in student organizations.

The Lee College Student Congress serves as the principal voice of the student body in matters related to college policy. Members of the Student Congress serve as voting members of the college's Planning Committee, Campus Activities Board and President's Council. They also serve on committees formed to hear student grievances and appeals regarding disciplinary action. Additionally, Student Congress also plays a major role in allocating funds generated by student service fees. Funds are used to support the operation of the Student Center, the Campus Activities Board and the intramurals program. Funds are also used to support the activities organized by recognized student associations.

Currently, there are more than 26 student clubs and organizations on campus. Clubs include social, cultural, political and religious organizations and provide students with the most visible and accessible path to campus involvement.
